Subject Port's 104(e) revised list

History:

This message has been forwarded.

Hi Kristine,

Attached please find the revised Port properties list for the 104(e). Per our discussions on Friday, we have updated the rationale after further review of the following 5 properties:

1. Tax parcel associated with Siltronic property
2. Albina dock/UPRR
3. City of Portland Big Pipe Pump Station
4. McCarthy Park
5. Dredge Base

Additionally, we are supplying the information that we have on the Dredge Base (DEQ Voluntary Cleanup Review Notice), which demonstrates the Dredge Base does not meet the Port's revised definition of #4 on the 104(e) information request.

<<EPA 104(e) - POP Properties List Schedule.xls>> <<Dredge Base Ltr DEQ & Resp to SA Questionnaire (03-18-03).pdf>>

Please let us know if you have any further questions or concerns. Thanks Kristine!
